

The University of Michigan Medical School Immunization Requirements

Immunization Requirements for Entering Medical Students

- A. All students must provide proof of completion of the **Hepatitis B** series of vaccine and serologic testing (titer) showing immunity to Hepatitis B. If Hepatitis B titer is negative, a Hep-B booster and new titer in 6 to 8 weeks is required.
- B. Students born after 1956 must provide proof of immunization to **MMR** (Measles, Mumps, and Rubella) **or** are required to have serologic (titer) evidence of immunity to MMR.
- C. All students must provide proof of a baseline **QFT** or **PPD Tuberculin** skin test. Students who test positive to PPD **or** have received the BCG vaccine, must provide results of a QFT blood test dated November 1 or later.
- D. All students must provide proof of 2 Varicella vaccines or serologic (titer) evidence of immunity to Varicella.
- E. All students must provide proof of a Tetanus (Td) booster within the past 10 years, and a one-time adult dose of Pertussis (Tdap).
- F. All students will be required to receive an Influenza vaccination each "flu season" in accordance with CDC Healthcare Personnel recommendations.
- G. All students are encourage to be immunized with COVID-19 vaccines per the CDC recommendation.

All entering students must submit a 'Record of Required Immunizations' form signed by a healthcare provider. The documentation must include a record of all completed vaccinations **or** vaccinations that are in progress at the time of submission. Subsequently, documentation proof for missing immunizations must be provided as vaccination requirements are fulfilled.
