HISTORY OF THE REED M. NESBIT UROLOGIC SOCIETY

The Reed M. Nesbit Urologic Society is the alumni organization of the Department of Urology, University of Michigan. The membership of the Society includes residents who trained at Michigan, clinical fellows, faculty and selected others. The alumni Society is named in honor of Reed M. Nesbit, who was Section Head from 1928 to 1968.

At the time Dr. Nesbit came to Michigan there were no effective antibiotics, fluid and electrolyte balance was poorly understood, and blood transfusions were emerging from the realm of experimental medicine. Considered one of the giants in American urology, he oversaw tremendous advances that were important to the development of endoscopic surgery in urology. Dr. Nesbit trained one resident a year for each of the three years of the urology's early residency program, and he ultimately trained eighty urologists during his tenure, eighteen of whom eventually became heads of urology departments.

The Society was constituted as a non-profit organization in 1972 and the first by-laws were drafted by the late John W. Konnak, MD (Residency 1969). Prior to this time, there had been informal gatherings of alumni dating back to 1963 as part of the overall Michigan Medical Center Alumni Association.

Reed M. Nesbit, MD
Inaugural Chief, Section of Urology
Department of Surgery

At these early meetings the tradition of gathering together to discuss scientific, professional and academic concerns in conjunction with good fellowship and an opportunity to see old friends was firmly established.

At the charter meeting, the by-laws were ratified and the Society's distinct logo was adopted. The logo is a reminder of the long tradition of urology in medicine and its early adoption of science of technology. It has a central image portraying a medieval era urologist performing uroscopy by contemplating the appearance of a jordan (or matula) of urine.

CME INFORMATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the University of Michigan Medical School. The University of Michigan Medical School is accredited by the ACCME to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of XX AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target audience: Physicians, physician assistants, nurse practitioners, nurses, other healthcare professionals, house officers, and medical students of urology.

After attending this activity, participants will be able to:

1. Adhere to the latest guidelines and recommendations for the diagnosis, treatment, and management of urological conditions to optimize patient care.
2. Demonstrate improved teamwork and communication skills within the healthcare team to facilitate more effective collaboration.
3. Integrate rapid technological advancements into clinical practice to improve diagnostic and treatment outcomes.
4. Interpret and incorporate new research findings into clinical practice to ensure evidence-based patient care.

HOW TO CLAIM CME

How to claim credits:

Via website

1. Go to https://umich.cloud-cme.com/
2. Log into your account. Note: You must have a CloudCME account to claim credit for any University of Michigan CME activity.
3. Click on the Claim Credit card on your Dashboard.
4. Enter the Activity ID number in the appropriate field.
5. Under Action, click on Claim.
6. Under Action, click on Add Credit.
7. Enter the number of credits you're claiming and the "I Attest" button.
8. Complete the evaluation form to provide feedback on the activity.
9. Click the Submit button.
10. Scroll down to the Awarded Credits section to view or print your certificate and/or comprehensive University of Michigan CME transcript.

Via CloudCME App

2. Open the CloudCME App.
3. Login to your MiCME powered by CloudCME account.
4. Select Claim Credit or Scan Attendance on the menu.
5. If you select Claim Credit, enter the Activity ID and click the Submit Activity ID button.
6. If you select Scan Attendance, scan QR code.
6. Complete any additional questions or fields. - Finish the credit claiming process by completing the evaluation form.

Note: Recording attendance is available 30 minutes prior to the activity, during the activity or 1 week after the activity. Credit can only be claimed up to one week after the date of the activity.

ACTIVITY CODE AND QR CODE WILL BE PROVIDED VIA EMAIL A WEEK PRIOR TO THE EVENT. IT WILL ALSO BE SHARED THE DAY OF THE EVENTS.

NESBIT VISITING PROFESSOR

Kathleen Kobashi is the Chair of the Department of Urology and the Judith Helmle Shaw and Roy Gordon Shaw, Jr. Centennial Chair in Urology at Houston Methodist Hospital in Texas and Professor of Clinical Urology at Weill Cornell Medicine. Prior to this, she served as Section Head of Urology and Renal Transplantation at Virginia Mason Medical Center (VM) for 14 years and Director of the Pelvic Floor Center (2000-2021). She received her B.A. at Wellesley College, her M.B.A. at the University of Michigan, and her M.D. at Drexel University (formerly Hahnemann) and completed her urologic residency at the University of California, Irvine followed by a Urogynecology and Reconstructive Pelvic Surgery (URPS) fellowship at Cedars-Sinai in Los Angeles before joining VM in 1999.

In addition to her passion around clinical medicine, Dr. Kobashi is dedicated to research and education of patients and future urologists. She is a mentor for the American Urological Association (AUA) Leadership program, and she founded the VM URPS fellowship in 2003 as well as a new Urology residency in 2014, for which she served as the Program Director until her departure to Houston in 2021.

Dr. Kobashi has authored more than 100 peer-reviewed articles and book chapters on topics related to urinary incontinence and pelvic prolapse and has been invited faculty on the subject around the globe. She is a Past President of SUFU (Society for Urodynamics, Female Pelvic Medicine and Urogenital Reconstruction) and served as the first female President of the Western Section AUA. She is a Trustee of the American Board of Urology (ABU) and a member of the American Association of Genitourinary Surgeons (AAGUS). She currently serves as Associate Editor for both the AUA's Urology Practice Journal and the Societe Internationale d'Urologie Journal. She received the 2006 and 2023 Continence Care Champion award from the National Association for Continence, the prestigious Paul Zimskind Award (2010) and the Distinguished Service Award (2022) from SUFU, and a Presidential Citation (2013) and the esteemed Victor Politano Award (2023) from the AUA.
